

Possibilities Program

The Possibilities Program is truly full of *possibilities*! It's as simple as that.

Our program is tailored to each family and their unique strengths and needs. If you choose to work with us, you will be partnered with a staff member who wants to get to know you and your family, listen to your story, understand your challenges, and hear about your hopes and dreams. We acknowledge all of your efforts and your frustrations, without judgement but with empathy and care.

Some things we can help with include:

- Connecting you with community resources
- Creating plans with you for success at school or at home
- Helping your child and family build skills that will enhance your family satisfaction
- Brainstorming solutions to challenging situations
- Helping you identify your natural supports
- Helping you and the school collaborate effectively

Our role is to enhance communication, reduce feelings of isolation, and increase confidence. No concern is too big or too small. When we're done working together, we hope you will truly feel that "you've got this!"
